# TCX Swing Arm Tire Changers

Hunter's family of tabletop tire changers

TWO POWERFUL CONFIGURATIONS

# TCX Family of Swing Arm Tabletop Tire Changers

### Model Overview

### PowerOut<sup>™</sup> bead loosener

- Most powerful bead breaker in its class
- ✓ Fingertip control eases service
- Three-way adjustable for best rim fit
- ✓ Shovel protectors standard

### Mount and demount head

- ✓ Maximum wheel protection
- Accommodates newer raised spoke and clad wheels
- Patented "wing and knob" features keep tire in place better than other heads
- ✓ Rigid polymer construction

# TCX50 conventional tire changer offers power and simplicity for most standard tires

# More torque and speed

### **Class-Leading Power**

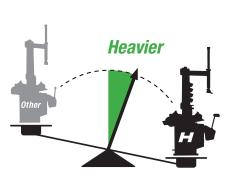

- ✓ Up to 50% higher torque
- ✓ Faster tabletop speed

#### **Best in class**

- Heavyweight for less movement when changing tires
- ✓ Non-slip pads keep machine in place

### Largest and easiest-to-use tabletop

- ✓ Provides 10 to 26 in. clamping range
- ✓ All jaws adjust simultaneously for mistake-free clamping
- Hi-grip jaw covers transmit mounting torque and protect wheels
- ✓ Diameter marks aid external clamping
- ✓ Polished tabletop for easy cleanup

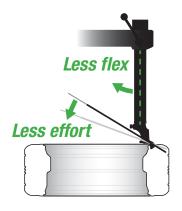

# Two Powerful Configurations

Hunter TCX 50, 51, and 53 tire changers are heavier, more rigid, faster and more powerful than other tire changers in the same class.

	TCX5× <u>H</u>	TCX5× <u>E</u>		
Motor	Electric 220V dedicated	Electric 220V or 110V		
Mass	25% heavier	20% heavier		
Rigidity	10% less flex and effort	10% less flex and effort		
Power	50% more torque	20% more torque		
Speed	Two-speed 7 and 17 rpm	Single-speed 10 rpm		

### **Rigid Design**

- ✓ Long service life
- ✓ Rigid chassis reduces damage risk and operator effort

STANDARD BASE

E models

PATENTED

# TCX53 Bead Press System Delivers Control

The bead press system speeds and eases clamping, lubricating, demounting and mounting tough wheel and tire combinations.

- The patented design centers on the wheel to simplify operation.
- ✓ Standard on TCX53 models
- ✓ Upgrade option for TCX50 models

#### Bead Press System - 20-2834-1

Aids mounting and demounting with tremendous power and control. (Standard on TCX53; upgrade option for TCX50)

**Clamping assistance when needed** — press cones ease external wheel clamping.

### Demounting: Integrated Tools Reduce Effort

 Roller creates gap for lever placement and/or bead lubrication

- ✓ Lower disk for bead reloosening
- ✓ Assists lifting heavy tires

### Mounting: Difficult Processes Made Easy

- Single roller arm rotates with tire
- Mounts many tough tires

Fixed roller arm can be added to mount even the toughest tires

### TCX51 Bead Press Arm

✓ Eases demounting and mounting difficult combinations

✓ Large diameter cylinder is most powerful in its class

✓ Upgrade option for TCX50 models

#### Bead Press Arm - 20-3660-1

Aids mounting, demounting and clamping. Hook lifts heavy tires. Standard on TCX51; upgrade option for TCX50.

Press arm pushes tire into drop center for mounting and demounting operations

# Popular Accessories & Optional Equipment

Wheel lift - 20-2045-1

Eases servicing of large assemblies. Allows for more careful handling of expensive wheels

"Wing" steel mount head – RP11-5-107776

Includes steel head and all mounting hardware. Ideal for trailer and multi-ply tires. Replacement plastic protectors RP11-8-11100369 (quantity 10) sold separately.

**NEW** Storage shelf – RP11-8-11100423

Large steel shelf system expands storage capacity. Left or right mount, only for TCX50 and TCX51.

Blast inflator - RP11-8-11100403

Direct bursts of compressed air to seat difficult beads.

**BP press cone – RP11-4-403749** 

Clamping press cone. Suitable for TCX51 only.

**NEW** Small-wheel steel mount head – RP11-8-11100378

Allows easy service of wheels down to 6" diameter. Suitable for golf cart and scooter wheels. Use in conjunction with extenders and reducers.

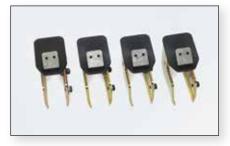

Replacement plastic protectors RP11-8-11100370 (quantity 10) sold separately.

## Jaw extender & reducer (4 ea.) – RP11-8-11100402

Extends range by 4 inches. Reduces range by 5 inches.

Service of small wheels (6"-8") requires the use of the RP11-8-11100378 small wheel mount head (left).

## Motorcycle Wheel Adaptor – RP11-2201113

Raise clamping jaws to clear belt drive pulley and brakes used on motorcycles, including Harley Davidson. Plasticcovered to prevent wheel damage.
