HUNTER'S LATEST PRODUCTIVITY FEATURES

PATENTED

Revolutionary adaptors

- ✓ Faster setups
- ✓ No metal-to-metal contact
- ✓ No knob twisting

PATENTED

Superior target design

- ✓ Lighter weight
- ✓ Narrower profile
- ✓ Faster readings

HawkEye®
Elite

EXCLUSIVE

Faster caster

Saves time, increases speed and reduces battery drain from brake light draw. No brake pedal depressor necessary.

EXCLUSIVE

QuickComp™

Compensate all wheels and capture initial measurements in one motion.

PATENTED

High-resolution cameras

Four high-resolution cameras provide alignment measurements with pinpoint accuracy.

EXCLUSIVE

HunterNet® 2 connectivity

Manage your goals, revenue and ROI in one online location.

EXCLUSIVE

Required reset ready

Perform integrated steering system resets and dynamic ADAS calibrations required after alignment with Hunter's ADASLink® diagnostic scan tool.

STANDARD

Recall specs in a snap

Recall OE specs and vehicle-specific alignment procedures instantly.*

* Standard with HAWKELITEX and WA600 consoles, optional with WA500 consoles.

QUICKGRIP® WHEEL ADAPTORS AND THREE-DIMENSIONAL TARGETS

Hunter's patented QuickGrip® adaptors and three-dimensional targets accelerate service with setup times in seconds instead of minutes.

PATENTED

Super fast installation

- ✓ Spring-loaded arms grip the tire
- ✓ Thumb switch secures the clamp

PATENTED

Space-efficient profile

- ✓ Approx. 9" profile
- ✓ Easy to work around
- ✓ Great for narrow bays

PATENTED

Quick-change arms

- ✓ Interchangeable arms cover up to 37" assemblies

PATENTED

Avoid damage to expensive rims

- ✓ Grips tire, not rim
- ✓ No metal-to-metal contact

PATENTED

Low maintenance

- ✓ Shop-tough to withstands drops
- ✓ No electronics, cables or necessary calibration

PATENTED

Deep-wheel extension

- ✓ Easily handles deep rims and protruding hubs
- ✓ Standard accessory

PATENTED

Less weight

- ✓ Weighs only 6 lbs.
- ✓ Nearly 50% lighter

Adjustable clamp arms

- ✓ One set of clamp arms covers the same clamping range as standard multi-arm kit

PATENTED

Wide-angle targets

- ✓ Perform max steer procedure as needed

HawkEye®
Elite

Award-winning WinAlign® software

UNSURPASSED INDUSTRY STANDARD

WinAlign® provides more than a dozen patented features every technician needs for fast and accurate alignments, including rapid readings, measurement and adjustment guidance, comprehensive pre- and post-alignment graphic printouts, and integration with shop and dealer management software.

Favorite technician innovations include:

EXPRESS ALIGN®

Perform every alignment via streamlined, intuitive procedures.

WINTOE®

Ensure a straight steering wheel every time.

CONTROL ARM MOVEMENT MONITOR®

Cut adjustment times in half for front-shim and dual-cam/slot vehicles.

WHEEL-OFF ADJUSTMENT

Save time by making adjustments with the wheel removed.

VIRTUAL VIEW®

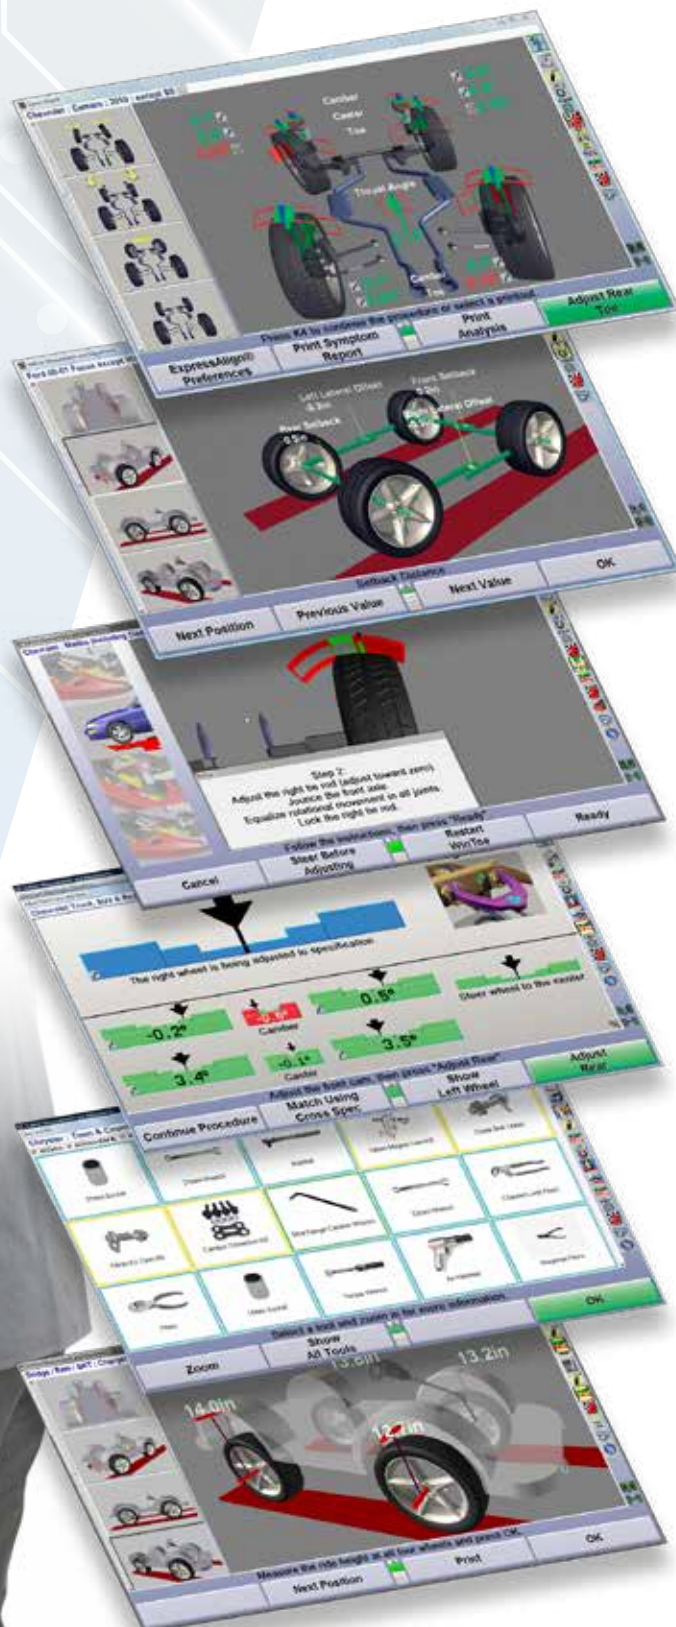

Monitor your alignment in 3D in real time.

TOOLS AND KITS DATABASE

Reduce back-and-forth trips to the toolbox.

ADVANCED ALIGNMENT

Live ride height and symmetry measurements, advanced vehicle handling values, collision alignment mode, and more.

KEEP TRACK OF IT ALL WITH HUNTERNET.

HunterNet® 2 is a free portal that shows the power of your equipment investment with usage data and notifications, payback and revenue tracking, genuine Hunter consumable parts ordering, and more. Visit www.hunter.com/HN2 for more details.

Demonstrate transparency with WinAlign® printouts

Sell more alignments by building customer rapport and trust with clear and detailed printouts.

Hunter's ADAS Coverage Guide provides broad calibration and alignment information for all vehicles

Accessible via the HunterNet® 2 online portal, or contact your local Hunter team to obtain a printed version.

Most vehicles today require electronic resets
WE HAVE YOU COVERED

Your aligner's new action packed sidekick

-  **STEERING SYSTEM RESETS** – Quickly perform and document steering resets required after alignment using seamlessly integrated procedures.
-  **DYNAMIC ADAS CALIBRATIONS** – Get started with ADAS sensor resets and test drives – no extra space or fixtures required.
-  **PRE- & POST-SCAN** – Get a comprehensive look at vehicle's systems and codes.
-  **SECURE GATEWAY ACCESS** – OEM approved access to FCA, Hyundai, Kia and more vehicles.
-  **VALUABLE DIAGNOSTIC ABILITIES** – Review trouble codes, run special tests, electronically code/pair new parts such as EPS components, and much more.
