ADASLink® guided interactive calibration

CALIBRATE AND DOCUMENT IN HALF THE TIME!

PRECONDITION

Check and perform wheel alignment

STEP 1

Plug into vehicle and perform pre-scan

STEP 2

Position fixture and place targets

STEP 3

Follow guided sensor calibration procedure

STEP 4

Post-scan and provide automatic documentation

ADASLink® plus DAS3000 / DASLDW

✓ DESIGNED FOR THE FUTURE:

Bosch is already co-developing the next generation of ADAS sensors and the DAS3000/DASLDW has been designed with future technologies in mind.

✓ PRECISION AND CONFIDENCE:

From the precision digital measurements to the intuitive userinterface, the DAS3000/DASLDW is designed to take the ambiguity out of the calibration.

✓ INTEGRATED TARGET STORAGE:

Stow camera targets while allowing immediate access for the fastest calibration set up. Keeps targets clean and serviceable.

✓ SPEED AND EFFICIENCY:

Commonized OE procedures simplify set-up and calibration processes. Shops save time and money calibrating vehicles fast and accurately.

✓ OE SENSOR DEVELOPMENT:

Bosch is partnering with many of the largest OEMs to develop the next generation of cameras, radars, and sensors to learn what it takes to accurately calibrate ADAS systems.

✓ RECALIBRATION EXPERIENCE:

Bosch has long been developing recalibration solutions with millions of calibrations completed to date.

✓ INVENTED FOR LIFE:

Bosch wants their products to spark enthusiasm, improve quality of life, and help conserve natural resources.

Automotive diagnostic scan tool

MAKING SHOP-WORK EASIER

Hunter's ADASLink® scan tool enables technicians to quickly perform and document steering system resets after an alignment as well as easily fit dynamic ADAS calibrations and test drives into your service offerings. The scan tool also seamlessly integrates with Hunter aligners for faster work and improved documentation.

PRE- and POST-SCAN: Get a comprehensive look at installed systems and associated codes.

SPECIALTY USES: Code/pair new parts to the vehicle after installation, such as electric power steering components.

BRAKE SERVICE: Service electric parking brakes and perform other brake diagnostics, including ABS.

FULL DIAGNOSTIC CAPABILITIES:

Review diagnostic trouble codes and other vehicle information

SECURE GATEWAY COVERAGE:

FCA coverage for secure gateway vehicles, with supplemental coverage to other tools in your shop.

POST-COLLISION CALIBRATIONS:

Follow guided processes to calibrate required systems after a collision.

Integration with Hunter wheel alignment software will:

- Simplified, integrated process for steering system reset
- ✓ Integrate ADASand pre/post scan steps
- Streamline vehicle and ADAS procedure selection
- Combine alignment, scan, and ADAS calibration results using HunterNet

Record and playback data Screen-record data item, procedures and diagnostics

Topology reporting interface Topological display viewing helps pinpoint areas requiring repair

Full scan report documentation Comprehensive documentation verifies correctly completed calibrations

Step-by-step guided capabilities Clear, step-by-step procedures for static and dynamic calibrations

Connect with external databases Connects to external subscription resources to view specifications

For everything you want to do in your workshop

ADVANCED VEHICLE COVERAGE - Fix Domestic, Asian, and European vehicles as far back as 1996.

ULTRA FAST FULL SYSTEM - Scans with Quick-Scan complete vehicle scans in 60 seconds.

WIRELESS J2534 VCI — Wireless gives you the freedom to move throughout the bay; J2534-compliant for factory programming with your OE subscription and PC.

OEM-APPROVED FOR SECURE VEHICLE ACCESS — FCA-certified for Secure Gateway Module (SGW) access.

10" TABLET INTERFACE — Resolution Display Ultra crisp screen quality for easy viewing, even in bright daylight.

LONG-LASTING BATTERY LIFE - Up to 14 hours of runtime and weeks of standby, giving you more time on tool and less time on the charger.

CHARGING STATION — Recharge easily with a dedicated station for your handheld screen and VCI.

LEADING TECHNOLOGY HARDWARE AND SOFTWARE

- Offers peak performance on an expandable, futureproof platform. Powered by Android 9+.

LIMITED LIFETIME WARRANTY — We've got you covered in the rare case something isn't working as it should.
