The future of ADAS is now.

Laser-guided precision

Simplified target placement

Standard-setting alignment technology

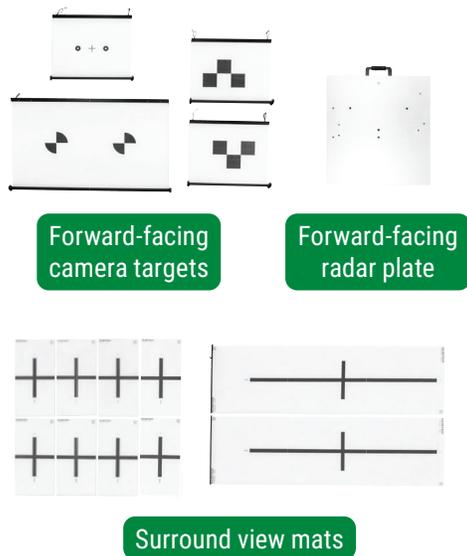

Complete documentation

Hunter wheel alignment is the industry standard and is **REQUIRED** for all Nissan dealerships by October 2025.

Recommended by Nissan and Hunter to future-proof your shop. Ultimate ADAS® has all of the same features of HawkEye Elite® with WinAlign® software but with the added ability of completely guided ADAS calibration procedures.

Forward-facing camera targets

Forward-facing radar plate

Surround view mats

Targets and mats for all Nissan and Infiniti vehicles

Targets and mats for current Nissan and Infiniti vehicles. Hunter's Ultimate ADAS is built with the future in mind and offers the flexibility to add additional targets and mats to meet new model needs.

Coverage also available for other makes and models for collision and used cars.

ADASLink® Diagnostic Scan Tool

- Full vehicle diagnostics
- Steering system resets
- Dynamic ADAS calibrations
- Pre- and post-scan reports

World-class printouts document work

Full documentation of wheel alignment with confirmed ADAS placements and procedures in printed and digital formats.

Hunter's new ADAS Hub details step-by-step guidance for shops to start servicing this huge market opportunity right now.

- Understand the market
- Utilize available space
- Select equipment
- Arrange training
- Determine pricing
- Communicate with customers
