

# Nissan Service Information Bulletin

## TechMate / Hunter Engineering

### NADA 2025 Promotion

Reference: NSIB/24-013

Date: January 22<sup>nd</sup>, 2025

Announced in 2018, specific alignment and wheel balancing equipment requirements for Nissan dealers take effect in October of this year, 2025. Details of the required Nissan-spec Hunter Engineering equipment can be found in the latest bulletin on the topic NSIB/23-011.

As the only OEM distributor of Hunter Engineering equipment, TechMate offers industry-leading pricing all year long. In advance of the October deadline, and in conjunction with the NADA 2025 Show, TechMate will be offering an additional 2.5% discount on Hunter Engineering alignment and wheel balancing equipment through March 31<sup>st</sup>, 2025!

Additional Hunter Engineering premium wheel service equipment qualifies for discounts up to 5%. Visit the Hunter Engineering booth at NADA, or contact your local Hunter Engineering field team, for further details.
